PASO 1 DE 11

Score vertical lines down your teal slim line card base to add visual interest and break up the plain surface.

PASO 2 DE 11

Place the solid poinsettia stamp from the lamination stamp set onto your acrylic block and ink it up with teal ink.

PASO 3 DE 11

Spray the inked stamp with water to activate the watercolour effect. The blue poinsettia image will begin to spread and blend on the white cardstock.

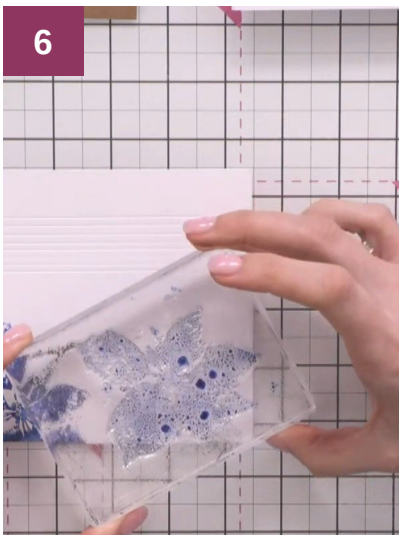

[VER ESTE PASO - 17:00](#)

**PASO 4 DE 11**

Press the stamped poinsettia image onto the right side of the card panel, positioning the blue floral design towards the lower portion of the card.

[VER ESTE PASO - 17:30](#)**PASO 5 DE 11**

Position the butterfly stamps at varying angles on the card front to create visual interest. Stamp additional butterflies in different positions along the card panel, overlapping some elements slightly for a natural, layered effect.

[VER ESTE PASO - 18:00](#)**PASO 6 DE 11**

Allow the card to dry completely before proceeding. The stamped images should be fully dry to prevent smudging.

**PASO 7 DE 11**

Use an antistatic bag to wipe across the stamped card surface to remove any moisture or residue from the white embossing.

8

**PASO 8 DE 11**

Ink up the outline portion of the poinsettia stamp from the Merry and Bright lamination stamp set using a white sticky ink pad.

[VER ESTE PASO - 32:15](#)

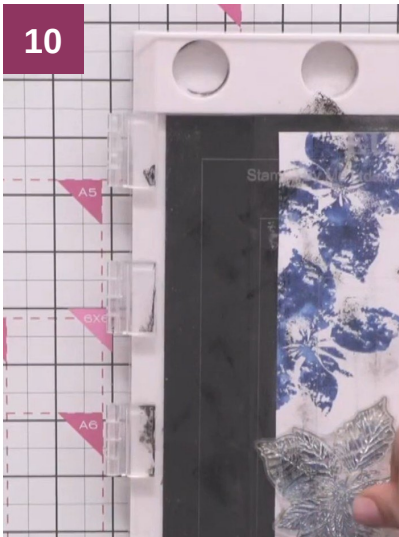

9

**PASO 9 DE 11**

Stamp the white outline detail over the teal watercoloured poinsettia design, offsetting the stamp slightly from the original position for an authentic hand-drawn effect.

[VER ESTE PASO - 32:30](#)

10

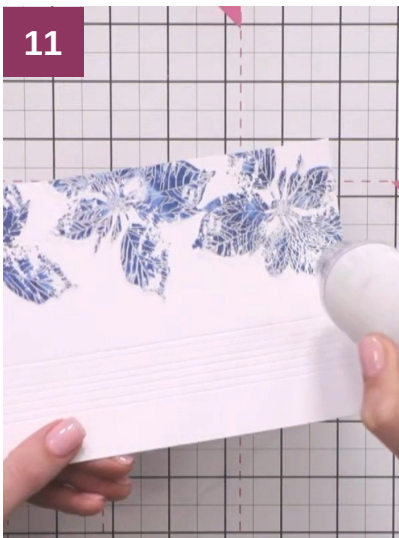

PASO 10 DE 11

Sprinkle white embossing powder over the stamped poinsettia image on the card panel. Ensure the powder covers all the stamped areas in preparation for heat embossing.

[VER ESTE PASO - 33:00](#)

11

PASO 11 DE 11

Heat set the embossed detail with a heat gun, moving it over the surface until the powder melts and sets completely. Ensure all areas are evenly heated for a smooth finish.

CONSEJOS DEL PROGRAMA

- Changing the colour combination completely transforms the look of the stamp, making it appear like snowflakes rather than poinsettias.
- White or silver embossing powder works beautifully on darker coloured card bases to showcase the detail.
- If the outline stamp does not line up perfectly with the watercoloured base, it will still look beautiful and realistic.
