EL PROYECTO TERMINADO

SOBRE ESTE PROYECTO

Make an eye-catching popup gift card holder with artistic hand-drawn imagery, soft pink and purple watercolour backgrounds, and witty wine-themed sentiments. Using die-cutting techniques with decorative stitch details and score lines, you'll create a professional card with a recessed gift card slot and matching belly band wrap for a polished finish.

PASO A PASO

PASO 1 DE 8

Die-cut your card base using the Pop Up Gift Card Holder die. This die cuts in one pass, creating the stitch detail around the edge, score lines, and a recessed pocket for the gift card.

**PASO 2 DE 8**

Glue or tape down each side of the die-cut card to secure the pop-up structure in place.

**PASO 3 DE 8**

Insert your gift card into the slot on the pop-up mechanism so it sits securely in the recessed area. The floral patterned card should hold the gift card in place.

**PASO 4 DE 8**

Fold the card closed with the gift card inside. The decorative floral paper creates a beautiful curved feature on both the inside and outside of the folded card.

PASO 5 DE 8

Select a belly band die (such as 'Best Wishes', 'Cake', or 'Frame') and die-cut it from your chosen patterned paper. Position the die-cut element on the front of your assembled card.

PASO 6 DE 8

Wrap the belly band around your folded gift card holder. Apply glue to the end of the band at the back and press to seal it closed.

PASO 7 DE 8

If you prefer the belly band to wrap the other way, attach an extender piece of white card to the back of the die-cut band using adhesive to extend its length. Position the cupcake motif on the front of the extended belly band.

PASO 8 DE 8

Use coordinating patterned papers from your stash or the included double-sided papers to customise your gift card holder. Layer different floral and decorative papers to create your desired look.

CONSEJOS DEL PROGRAMA

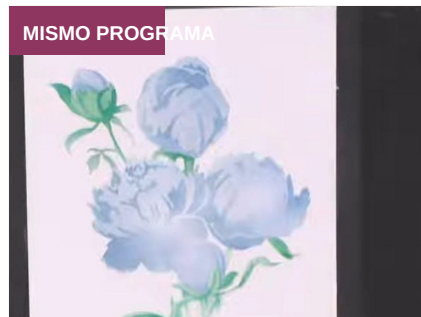

- You can use any papers from your stash, not just the included ones, to create different variations.
- The belly band can be worn either way around depending on your preference.
- You can build the gift card holder into a larger card design by attaching it to a card base with background elements.
