SOBRE ESTE PROYECTO

Create a stunning dimensional butterfly card using the Flutterby Quattro D system. This elegant design features a beautifully coloured butterfly with blue and purple wings accented by metallic embossed details, built up through multiple layers for a 3D effect. 1

PASO 1 DE 10

Position the number one stencil in the corner of your white card base. Use the heart registration marks to align the stencil correctly.

2

PASO 2 DE 10

Select a teal ink pad and brush colour through the butterfly stencil using a stencil brush, building up the colour gradually. Add darker tones to create depth and dimension in the wing veins.

3

PASO 3 DE 10

Position stencil number two, aligning it in the corner. Apply pink ink through the stencil using a blending brush to add the next layer of detail to the butterfly wings.

4

PASO 4 DE 10

Position stencil number three over the butterfly and apply pink ink through the eye details using a blending brush. Add darker pink to the centre of each eye to create an ombré effect.

[VER ESTE PASO - 22:15](#)

5

PASO 5 DE 10

Apply stencil number four with yellow ink to create a halo around the eye area. Then use stencil number five with darker pink ink for the centre of the eyes.

6

PASO 6 DE 10

Stamp the butterfly image onto the card using the coordinating stamp and metallic copper embossing ink. Ensure all detail is captured by stamping firmly. Don't be afraid to go back and revisit areas to ensure complete coverage.

[VER ESTE PASO - 26:00](#)

7

PASO 7 DE 10

Dust the stamped butterfly image with anti-static powder using the anti-static pouch. Apply metallic copper embossing powder over the entire stamped design, ensuring complete coverage.

[VER ESTE PASO - 27:00](#)

8

PASO 8 DE 10

Heat set the embossing powder with a heat gun, moving it over the butterfly design until the powder melts and becomes shiny and dimensional.

[VER ESTE PASO - 31:00](#)

9

PASO 9 DE 10

Place your butterfly card into the 3D embossing folder, ensuring the front is facing the correct way. Run the folder through your die-cutting machine to create the dimensional embossed effect on the butterfly.

[VER ESTE PASO - 32:45](#)

10

PASO 10 DE 10

Position the butterfly wing dies slightly apart on your card to create a half-wing effect, allowing the butterfly to remain within the page boundaries rather than extending off the edge. Die-cut the left and right wings separately for this layered dimensional look.

CONSEJOS DEL PROGRAMA

- You can revisit earlier stencil layers and add sparkle paste over them for extra shimmer without starting over.
- The wing dies are designed in two parts to give you versatility—use them separately for half-wing cards or together for full butterflies.
- Keep your Quattro D products in their original packaging to see the visual guide and QR code for inspiration, rather than decanting into separate storage.
