PASO 2 DE 9

Position the vellum sheet over the front of the card base and smooth it down with your hands. Ensure the vellum extends to wrap around to the back of the card, creating a layered effect.

PASO 3 DE 9

Gently burnish the vellum to secure it in place. Apply double-sided tape underneath the vellum to hold it firmly on both the front and back of the card.

PASO 4 DE 9

Die-cut the maple leaf design from gold sparkle cardstock using your die-cutting machine. Remove the die-cut leaf from the cardstock.

CONSEJOS DEL PROGRAMA

- Extending the vellum to the back of the card creates a professional, layered look without adding bulk for posting.
- The vellum is high-grade and scores beautifully, allowing you to heat emboss or use various cardmaking techniques on it.
- You can choose to pop out the centre elements of the die-cut or leave them in for different design effects.
