2

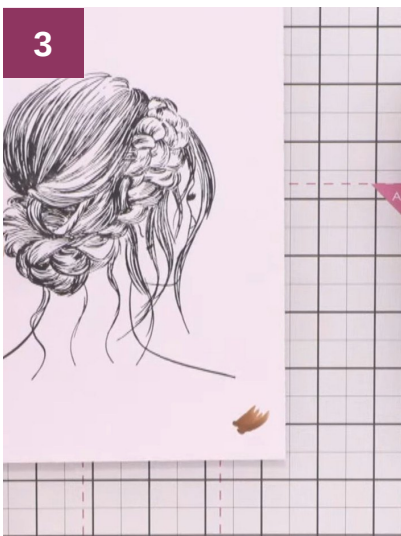

PASO 2 DE 9

Gather several brown alcohol markers in varying shades, from light to dark. Lay them out next to your stamped image to see which colours you want to use first.

3

PASO 3 DE 9

Select your lightest brown alcohol marker and begin colouring a section of the hair on the stamped image. Leave white space around the edges to create a halo effect.

[VER ESTE PASO - 24:15](#)

PASO 4 DE 9

Select a marker pen in a hair colour shade. Follow the hair lines in the stamp design, feathering the colour outward to create natural-looking depth and dimension.

[VER ESTE PASO - 25:30](#)

PASO 5 DE 9

Apply a medium brown shade over the lighter colour using your marker pen, concentrating on areas where the stamp shows darker lines to build up depth and dimension in the hair.

[VER ESTE PASO - 26:00](#)

PASO 6 DE 9

Use your darkest brown marker to define the braids and add shadows to the hair, following the curves and lines of the hairstyle to create depth and dimension.

[VER ESTE PASO - 27:00](#)

PASO 7 DE 9

Go back over the white halo area with a very light colour to blend and soften the transition between the highlights and the darker tones.

[VER ESTE PASO - 28:30](#)

PASO 8 DE 9

Allow the markers to dry completely. The alcohol will evaporate and the colours will lighten as they dry.

[VER ESTE PASO - 30:00](#)

PASO 9 DE 9

Optionally add white gel pen highlights to the hair to enhance the halo effect and create catch lights, giving dimension and shine to the coloured areas.

CONSEJOS DEL PROGRAMA

- Alcohol markers dry lighter than they appear when wet, so go lighter than you think you need to.
- Leave white spaces in your halo and braids to create dimension and catch the light.
- Follow the stamp's line work—it does much of the shading work for you.
