

Textured Lantern Card with Coloured Back-Stamp Technique

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - THE INSTANT ARTIST - 1 DE JULIO DE 2023

SOBRE ESTE PROYECTO

Create a beautiful vintage-style lantern card using a clever back-stamping technique. This project features a golden yellow lantern with textured details and delicate pink splatter accents, achieved by stamping colour on the back of your stamp before overlaying with black ink. The result is a stunning halo effect that gives your design depth and a hand-coloured appearance without the need for traditional colouring methods.

PASO A PASO

1

PASO 1 DE 11

Prepare a white card blank measuring approximately 4 x 5 inches (or use a piece of white cardstock folded to create a card base). This will form the foundation for your textured lantern card.

9

PASO 9 DE 11

Stamp the front of the stamp directly over the dried yellow coloured base, creating a halo effect around the detailed lantern image.

PASO 10 DE 11

For optional texture, add ink splatter around the yellow lantern design using your fingers. This creates additional visual interest on the card.

PASO 11 DE 11

Add a sentiment stamp or handwritten message to complete your card. Position it appropriately on the card front to complement the coloured lantern image.

CONSEJOS DEL PROGRAMA

- This back-stamping technique is perfect for crafters who are nervous about colouring or don't have colouring supplies.
- The coloured base will show as a halo around the detailed stamp, creating a vintage, textured appearance.
- You can add additional colour details with pens or pencils after stamping if desired, but the technique works beautifully on its own.
