**PASO 5 DE 10**

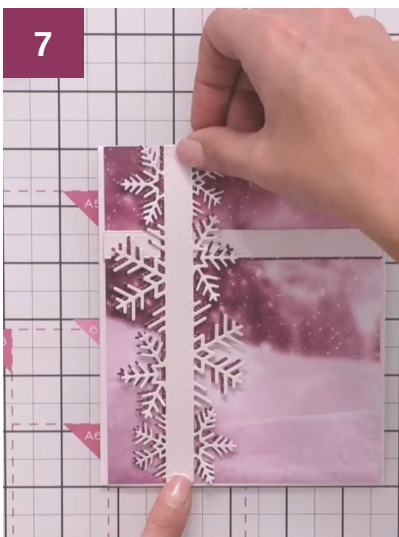

Adhere the die-cut snowflake border to the right-hand side of your card base, positioning it vertically along the edge.

**PASO 6 DE 10**

Die-cut the snowflake border strip from white cardstock. Position and adhere it horizontally across the centre of the pink galaxy card front to create a decorative wrap effect.

Create a 3D snowflake embellishment by layering three die-cut snowflakes in graduating sizes. Stack them with the gold snowflake at the back, white snowflake in the middle, and sparkly snowflake on top. Adhere the layered snowflake to the top of the card.

CONSEJOS DEL PROGRAMA

- You can use real string or twine threaded through the tag to make it swing on your card if desired.
- The dies have a quick-release carbon steel coating, making them easy to cut even with intricate details.
- You can create this card flat if you prefer, without the 3D snowflake layering.
