PASO A PASO

PASO 1 DE 12

Take a piece of watercolour card and place it on your craft mat. Spritz the top surface of the card with water using a spray bottle to dampen it evenly.

PASO 2 DE 12

Squeeze purple water brush pen colour onto the top of the card. Tilt the card to let the colour run down randomly.

[VER ESTE PASO - 24:00](#)

PASO 3 DE 12

Spray the design with more water to help the colour bleed and create texture. Allow the water to run randomly across the paper to create natural watercolour effects.

PASO 4 DE 12

Apply orange and pink water brush pen colours to different areas of the card panel. Leave some white space between the colours for contrast.

[VER ESTE PASO - 25:00](#)

5

PASO 5 DE 12

Whilst the card is still damp, use a brush to tap splats of pink colour onto the wet surface to create additional texture and depth.

6

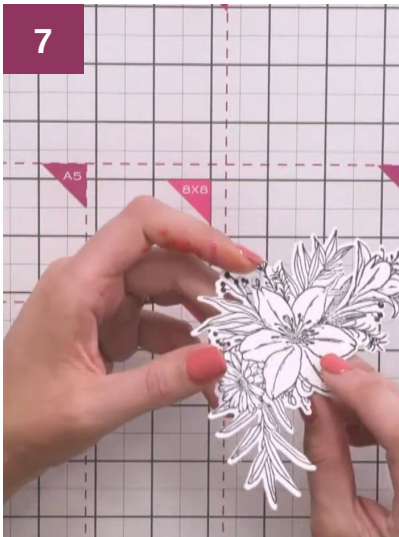

PASO 6 DE 12

Dry the watercolour background completely using a heat gun. Hold the heat gun over the card, moving it across the surface to ensure even drying of the pink, orange and yellow watercolours.

[VER ESTE PASO - 28:00](#)

7

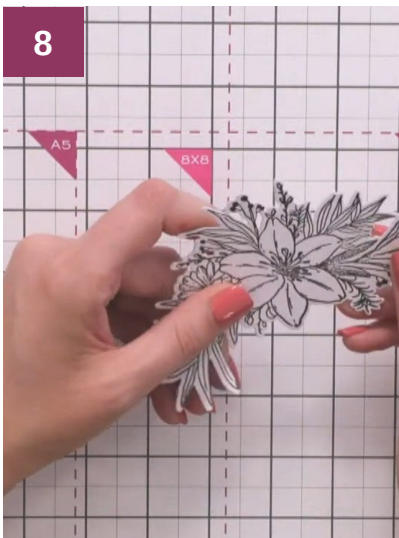

PASO 7 DE 12

Stamp the floral design onto white cardstock using black ink. Position the stamp carefully and press firmly to ensure a clear impression.

[VER ESTE PASO - 29:00](#)

8

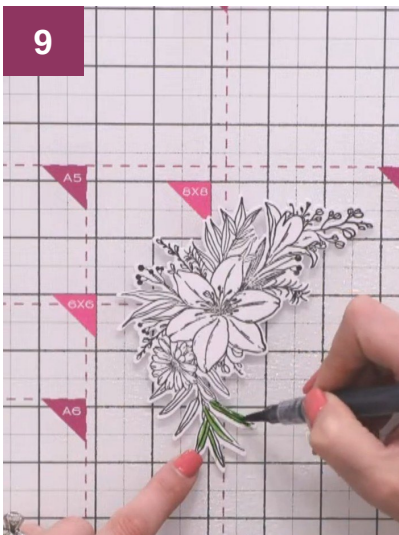

PASO 8 DE 12

Die-cut the stamped floral design using the coordinating dies. The die-cut should be on white cardstock.

[VER ESTE PASO - 29:30](#)

9

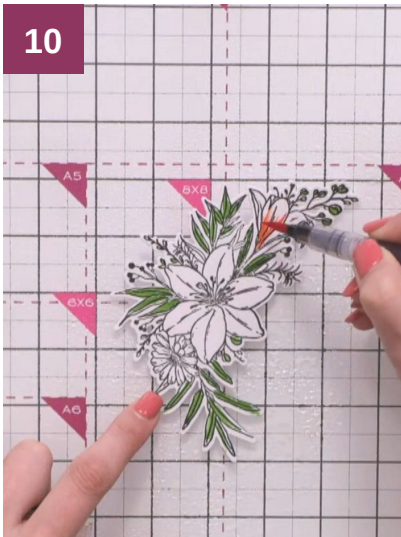

PASO 9 DE 12

Spray the die-cut flower with water. Using a water brush pen, paint the leaves with green, leaving white space for highlights to create a loose, natural look.

[VER ESTE PASO - 30:00](#)

10

PASO 10 DE 12

Stamp and die-cut a second floral element using red cardstock.

Colour the stamped image with orange and red water brush pens, adding depth and dimension to the flowers and leaves.

[VER ESTE PASO - 31:00](#)

11

PASO 11 DE 12

Use a heat gun to dry all the painted elements on the floral panel.

The watercolour will dry back two shades lighter than it appears when wet.

[VER ESTE PASO - 32:00](#)

12

PASO 12 DE 12

Stamp a sentiment onto white cardstock using black ink. Position the sentiment as desired on your card panel.

CONSEJOS DEL PROGRAMA

- Spray the design with water to help colours bleed and create a loose, textured look rather than trying to colour precisely.
- Leave white space on leaves and petals to create highlights and make the painting look more natural.
- Watercolour dries back two shades lighter, so apply colour slightly darker than your final desired shade.
