

Sliding Envelope Pocket Card with Peekaboo Element

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE AND CRAFT BRAND NEW LAUNCH - 12 JUNE 2023...

SOBRE ESTE PROYECTO

Create this stunning interactive sliding envelope card featuring a beautiful floral design with pink flowers and greenery on a rose gold glitter border. The card features a clever peekaboo element where a coordinating topper slides in and out of a slit in the card base, revealing the decorative envelope beneath. This project combines die-cutting, layering, and dimensional assembly techniques to create a truly special handmade card.

PASO A PASO

PASO 1 DE 9

Take one of the pre-printed envelopes from the **Stamps By Me** collection and attach it to the back of your card base. Position the envelope so the floral wreath design frames the aperture on your card.

PASO 2 DE 9

Cut a slit into the top edge of the envelope using scissors to create an opening for the sliding pocket element.

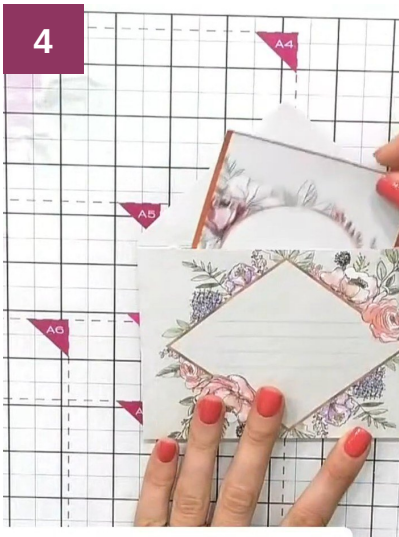

[VER ESTE PASO - 38:30](#)

PASO 3 DE 9

Select a matching topper from the collection and position it on your card. Choose a circular floral design topper to complement the diamond-shaped topper.

[VER ESTE PASO - 38:45](#)

PASO 4 DE 9

Mount the topper onto a piece of coordinating cardstock in a complementary colour. This creates a border around the topper and adds dimension to your card.

[VER ESTE PASO - 39:00](#)

PASO 5 DE 9

Attach the mounted 'Proud of You' topper to your card base using adhesive, positioning it centrally above the envelope pocket. The rose gold border should frame the floral wreath design.

[VER ESTE PASO - 39:30](#)

PASO 6 DE 9

Die-cut a sentiment word such as 'Proud of You' from rose gold glitter cardstock. Position the die-cut sentiment on the card topper within the floral wreath frame.

PASO 7 DE 9

Adhere the sentiment word to the top of the sliding topper piece so it sits in position like a peekaboo element that will slide in and out of the envelope pocket.

8

PASO 8 DE 9

Add fussy-cut floral elements from the Garden Florals design to the corners of your card using foam pads for dimension. Position the florals to frame and embellish the card front.

9

PASO 9 DE 9

Test that the sliding element moves smoothly in and out of the envelope pocket. Gently slide the topper panel to ensure it doesn't catch on the pocket edges before completing your card.
