

Tarjeta con flor de clemátide y sello de reflejo

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - THE THURSDAY DROP - 21 DE MAYO DE 2026

SOBRE ESTE PROYECTO

Create an elegant landscape card featuring a dimensional purple clematis flower as the focal point over a stamped black and white scenic image of a couple by a lake with trees. This project combines stamping techniques with layered dimensional flowers to create a sophisticated card with striking contrast and depth. The monochrome background paired with the vibrant purple bloom creates a beautiful, minimalist design.

PASO A PASO

PASO 1 DE 10

Die-cut three sizes of clematis petals from purple cardstock using the largest, medium, and smallest dies from the Clematis die set. You will need multiple flowers in varying sizes.

PASO 2 DE 10

Layer the die-cut purple petals inside each other, starting with the largest flower first, to build up the dimensional clematis flower shape. Position the smaller flowers and accent pieces on the wood-effect background.

CONSEJOS DEL PROGRAMA

- If the die doesn't fit perfectly, turn the paper over as the designs are not identical on both sides.
- The waste-free rectangle die leaves detail on both the cut piece and the remaining card, so you can use both for shaker windows or frames.
- Pinch and manipulate the substantial paper petals to make them look like real flowers, and the back is equally as beautiful as the front.
