EL PROYECTO TERMINADO

SOBRE ESTE PROYECTO

Create an elegant perfume bottle card using the Quattro D Feel Good four-stage stamping system. This delicate design features soft watercolour washes in pink and yellow tones, a detailed line-drawn perfume bottle with a dimensional embossed flower topper, all set against a subtle distressed background. The project combines stencilling, stamping, die-cutting and 3D embellishment techniques for a sophisticated handmade card.

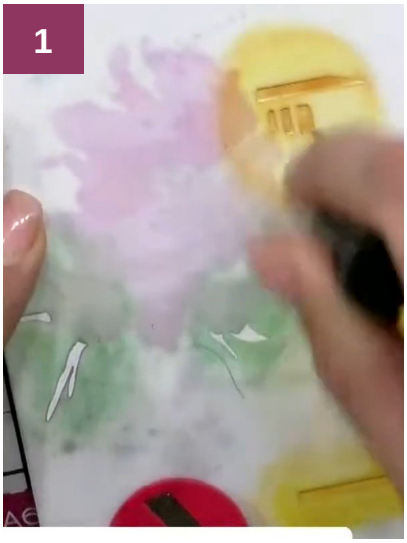
PASO A PASO



PASO 1 DE 10

Take your first layering stencil (numbered 1) and line it up on your white cardstock. Position it carefully over the area where you want to create your floral design.

VER ESTE PASO - 54:45

PASO 2 DE 10

Apply a pale pink watercolour wash through the stencil onto your card, creating soft floral shapes. Work gently to build up the colour gradually.

VER ESTE PASO - 55:00

PASO 3 DE 10

Take the second layering stencil (numbered 2) and line it up in the same position over your stamped image. Use the registration marks to ensure accurate alignment.

VER ESTE PASO - 55:15

PASO 4 DE 10

Press harder with the same pink ink to deepen the colour on the flower. Add a light yellow wash to the perfume bottle area, leaving the top two leaves lighter and letting the rest blend naturally.

PASO 5 DE 10

Take the third layering stencil (numbered 3) and line it up in the same position over your stamped image on the acetate.

VER ESTE PASO - 55:45

PASO 6 DE 10

Add a light green wash to the leaves using your brush. Press harder with yellow to add depth and dimension to the perfume bottle.

PASO 7 DE 10

Stamp the perfume bottle image in black ink onto your card, carefully lining up the bottle with the stencilled leaves and coloured spots you created earlier.

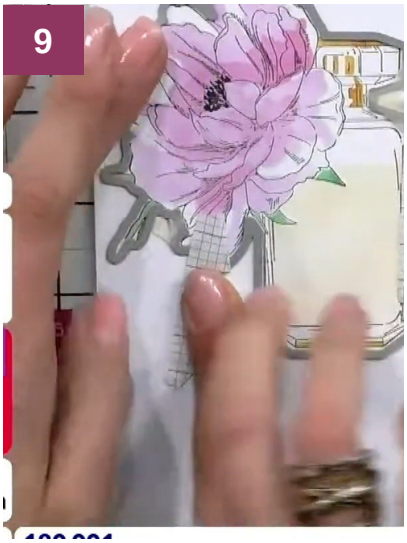
PASO 8 DE 10

Die-cut the stamped perfume bottle image using the coordinating outline die from the set.

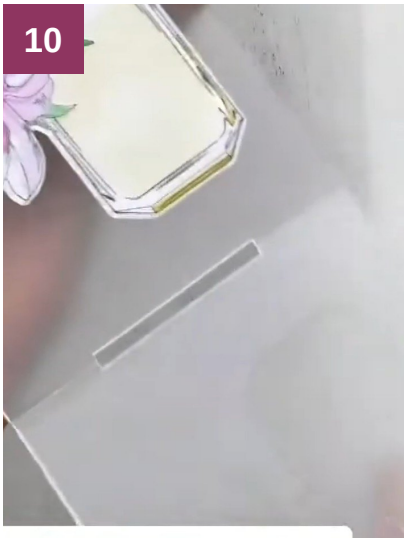
VER ESTE PASO - 56:30



PASO 9 DE 10

Place the die-cut perfume bottle back into the 3D embossing folder. Run it through your die-cutting machine to create the final dimensional layer with raised detail.

VER ESTE PASO - 56:45



PASO 10 DE 10

Mount the completed 3D perfume bottle topper onto your card base using foam pads or adhesive to secure it in place.

VER ESTE PASO - 57:00

CONSEJOS DEL PROGRAMA

- You do not have to use a brush; the stencils provide a shortcut for quick cards if you are short on time.
- If you want to spend more time colouring, you can skip the stencils and paint the design yourself.
- You can use any light colours you have in your stash; you do not need the exact colours shown.
