PASO 4 DE 6

Position the embossed flower pieces onto the black card, layering them to create depth and dimension. Arrange the pieces in a pleasing composition, overlapping them slightly to build up the floral design.

PASO 5 DE 6

Position a smaller embossed flower piece (such as a gold or contrasting colour flower) onto your card as an accent. Attach it using foam tape to create dimension and a drop shadow effect behind the main focal flower.

PASO 6 DE 6

Add a stamped sentiment to your card. Position the 'Hello Sunshine' sentiment stamp below the embossed flowers to complete the design.

CONSEJOS DEL PROGRAMA

- The stencilled background provides enough visual interest that you don't need to fill the card with embellishments.
- Foam tape adds dimension and makes the embellishments stand out from the background.
- You can create multiple different compositions using the same die-cut elements.
