PASO 1 DE 9

PASO 2 DE 9

Punch or cut circles from the stamped floral sheet to create individual flower elements. The pink roses can be separated from the main design to use as layered embellishments.

PASO 3 DE 9

Prepare your confetti inks by adding water to the individual colour compartments to activate them. The inks are stored in a small drawer-style container.

PASO 5 DE 9

Using Bluebell confetti ink, add colour to additional leaves and details on the card for contrast. Apply the ink with a dabbing motion using a kitchen towel or cloth to blend the colour.

PASO 6 DE 9

Use your fingers or a shaping tool to gently pinch and shape the die-cut leaves, giving them dimension and a natural curved appearance.

PASO 7 DE 9

Layer the painted floral elements onto your card base using foam pads to create dimension. Position the flowers and leaves in the corner of the frame, building up the layers for a three-dimensional effect.
