

Sparkly Glitter and Powder Effect on Black Cardstock

UN PROGETTO DALLA NOSTRA DIRETTA - CREATE TOGETHER CLUB - 27 APRILE 2023

IL PROGETTO

Create a festive, eye-catching effect by layering coloured embossing powders with chunky glitter on black cardstock. The combination of metallic gold powder and iridescent glitter creates a dimensional, celebratory finish perfect for special occasion cards. This technique uses heat embossing to build up rich, sparkly layers that catch the light beautifully.
