

Francesca Layered Frame Card with Patterned Dress

UN PROGETTO DALLA NOSTRA DIRETTA - CREATE AND CRAFT SHOW 7TH ARPIL - 7 APRILE 2023

IL PROGETTO

Create an elegant card featuring the Francesca lady stamp with a beautifully layered floral frame and a patterned paper dress in soft pink tones. This project demonstrates how to add colour and texture to stamped images using patterned paper rather than hand-colouring. The finished card combines delicate stamping with dimensional layering for a sophisticated, feminine design.

CONSIGLI DALLA PUNTATA

- You don't need to colour a single thing when using patterned paper for the dress.
- You can cut multiple dress versions from different patterned papers and layer them for variety.
- This technique is similar to paper dolls from magazines, allowing creative mixing and matching of dress patterns.
