

Ghirlanda Crystal Art con farfalle e tulipani

UN PROGETTO DALLA NOSTRA DIRETTA - HSN CRAFT SHOW - 28 MARZO 2023

IL PROGETTO FINITO

IL PROGETTO

Create a stunning decorative wreath featuring vibrant crystal art in your choice of two designs: a colourful butterfly pattern or a bright tulip arrangement. Using the paint-by-numbers style technique, you'll apply sparkling resin crystals to a pre-glued MDF wreath base to create a dazzling display piece. The finished wreaths showcase brilliant colours including greens, purples, pinks, and blues that catch the light beautifully.

Use the sticky pen to pick up individual crystals and place them onto the exposed sticky glue areas of the wreath design, following the colour palette guide provided. Work methodically to fill in each section with the corresponding crystal colours.

PASSAGGIO 5 DI 8

Work methodically through the design, peeling back small sections of the protective film as you progress. This keeps the adhesive fresh and prevents it from drying out. Continue placing crystals section by section across the wreath.
