

Baita in montagna con stella in rilievo

UN PROGETTO DALLA NOSTRA DIRETTA - CREATE AND CRAFT SHOW 17TH MAR 23 - 17 MARZO 2023

IL PROGETTO

Create a beautiful scenic card featuring a cosy cabin nestled in misty mountains beneath a starlit sky. This atmospheric design combines vibrant watercolour-style backgrounds in blues, purples and pinks with detailed black stamped imagery. The project uses ink swiping techniques and layered embossing to create depth and texture, with a dimensional embossed star adding a magical finishing touch.

Lift excess ink with a damp towel to create a bleached, softer effect. Allow the pink and orange colours to blend naturally as they dry to form the background.

3

PASSAGGIO 3 DI 7

Position your hand or a piece of card over the section of the colourful swiped background that you want to keep for your main scene. Use this to mask off and identify the area you'll feature in your card design.

PASSAGGIO 4 DI 7

Use the Stylized Sketch stencil to emboss a star design at the top of your card. Position the stencil to frame the scene below and emboss through it to create the textured star pattern.

PASSAGGIO 6 DI 7

Using a small detail brush, apply white ink to highlight the embossed star pattern. Work carefully over the raised areas to bring the star forward and create contrast against the coloured background.

PASSAGGIO 7 DI 7

Using white ink, add accents to the cabin and foreground to suggest light reflecting on surfaces and water ripples, enhancing the sense of place and dimension in your scene.

CONSIGLI DALLA PUNTATA

- When swiping inks, use gentle pressure to avoid making the background too dark—you want a subtle, atmospheric effect.
- The embossed star creates multiple layers of detail that add dimension, so take time to highlight different areas with white ink to show the depth.
