

Shaker card Infinity con finestra rotonda

UN PROGETTO DALLA NOSTRA DIRETTA - CREATE AND CRAFT SHOW 11TH MAR 23 - 11 MARZO 2023

IL PROGETTO FINITO

IL PROGETTO

Create a beautiful infinity shaker card featuring a circular window filled with delicate white daisies and sparkling embellishments. This elegant design uses super clear acetate shaker card blanks with a kraft paper base, decorated with floral motifs and sealed with folding tabs. The technique involves adding double-sided tape around the circle perimeter, filling with sequins and flowers, then folding the tabs to create a secure shaker element.

PASSO PASSO

PASSAGGIO 1 DI 8

If you don't have a 4-inch circular die, fold all the teeth of the circle cutter inward to create a guide for drawing the circle.

**PASSAGGIO 2 DI 8**

Place the circle window over your desired design area on the card front and lightly trace around it with a pencil to mark the position.

**PASSAGGIO 3 DI 8**

Roughly cut around the circle window with scissors to remove the excess card, leaving the circular opening clear.

**PASSAGGIO 4 DI 8**

Peel off the protective film from the circle shaker element to reveal the clear acetate underneath. Carefully remove the film completely to ensure the acetate is clean and ready for assembly.

PASSAGGIO 5 DI 8

Place the circle shaker face down on your work surface. Apply tape all the way around the perimeter of the shaker using a tape pen with yellow caps, ensuring complete coverage for a secure seal.

PASSAGGIO 6 DI 8

Add your chosen embellishments through the open circle window. Position white daisies with yellow centres around the circle aperture and inside the shaker area. Add 'Happy Birthday' sentiment in the centre of the circle.

PASSAGGIO 7 DI 8

Starting at one point, fold each tooth of the acetate circle up and over the tape pen adhesive, pressing firmly as you work your way around the entire circle to secure it to the card.

CONSIGLI DALLA PUNTATA

- The circle shaker works brilliantly for money and gift cards as the circular shape is unique.
- You don't need to tape every tooth if you find it fiddly; applying tape around the perimeter is easier.
- These are so tight and secure that you can reuse the shaker by carefully opening it.
