

Shaker card rettangolare con glitter e paillettes

UN PROGETTO DALLA NOSTRA DIRETTA - CREATE AND CRAFT SHOW 10TH MAR 23 - 10 MARZO 2023

IL PROGETTO

Create a stunning rectangular infinity shaker card featuring beautiful white daisies on a kraft background. This borderless design uses pre-scored acetate windows filled with glitter and sequins to achieve a floating shaker effect without visible foam or frames. The finished card showcases delicate floral imagery with sparkling embellishments that move freely within the sealed acetate chamber.

CONSIGLI DALLA PUNTATA

- The pre-scored and pre-taped design means you don't need to add foam padding, eliminating the risk of glitter spilling out.
- You can fill shaker cards with seeds, buttons, beads, sequins or even a five pound note.
- The acetate is thick and high-end, creating a beautiful dome effect without cloudiness on the score lines.
