**PASSAGGIO 2 DI 9**

Select a light ink colour and apply it through the first stencil layer onto your card base to create the initial layer of the perfume bottle design. Use a blending tool or sponge to gently dab the ink through the stencil openings.

Position stencil two using the numbered guide markers on your glass mat. Apply a slightly darker shade of pink ink through the stencil to build up shading and depth on the floral design.

Position the third stencil over your design and apply ink through the leaf and shadow elements using a blending tool. This will add depth and dimension to the background of your perfume bottle card.

PASSAGGIO 5 DI 9

Stamp the perfume bottle image over the stencilled floral base using black ink. This will bring the design into sharp focus and define the bottle shape clearly against the watercoloured background.

PASSAGGIO 6 DI 9

Die-cut the completed stamped design using the outline die from the Quattro D set. Carefully align the die with your stamped image to ensure a precise cut around the perfume bottle and floral design.

PASSAGGIO 7 DI 9

Run the die-cut piece through the 3D embossing folder, ensuring the design aligns with the folder's pattern. Feed the folder through your die-cutting machine to create the embossed texture.

CONSIGLI DALLA PUNTATA

- You can create a white-on-white effect by using white ink on white card for a subtle, elegant look.
- The embossing folder works beautifully on its own and looks like a shop-bought card even before adding other elements.
- You can punch a hole in the embossed piece and spray it with perfume to create a scented gift tag to include inside the card.
