

Biglietto con fascia in vellum e frase timbrata

UN PROGETTO DALLA NOSTRA DIRETTA - HOBBYMAKER TV - 6 APRILE 2026

IL PROGETTO

Create an elegant layered card featuring a wolf silhouette with a scenic wilderness background. The design uses torn vellum as a decorative wrap across the lower portion, combined with heat-embossed sentiment on a matted layer. This technique blends transparency and dimension for a sophisticated, nature-inspired finish in moody blues and greys.

PASSAGGIO 1 DI 6

Tear the vellum wrap along a tree line or design element from the printed image to create a natural-looking edge. Don't put yourself under pressure - tear gently to follow the contours of the design for an organic finish.

PASSAGGIO 4 DI 6

Heat-emboss your chosen sentiment stamp to create a raised, dimensional finish. The heat will set the embossing powder and give your sentiment a professional, glossy appearance.
