PASSO PASSO

PASSAGGIO 1 DI 10

Gather your materials: a Floral Fusion stencil and die set (such as hydrangea design), white card stock, and navy card stock. Place these items on your craft mat ready for use.

PASSAGGIO 2 DI 10

Position stencil number one in the corner of your A4 card base for alignment. Using a blending brush, lightly apply ink across the stencil to create the first colour layer.

PASSAGGIO 3 DI 10

Position the second stencil over the stamped flower image, aligning it carefully. Apply the next layer of pink ink using a blending tool, building up the colour and depth of the hydrangea gradually.

**PASSAGGIO 4 DI 10**

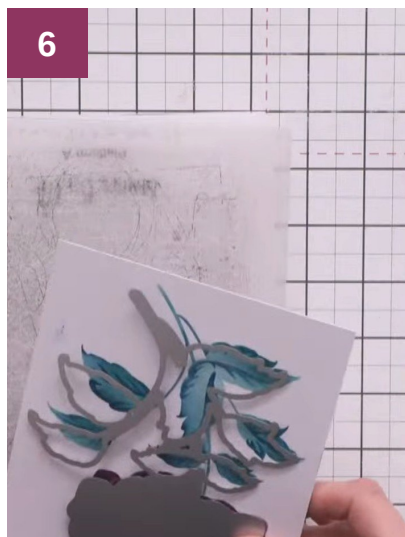

Continue layering with stencils three, four and five, using different ink colours to build depth and dimension. Vary your colours from light heather tones to deeper purples, and add teal shades for the leaves to create a realistic hydrangea effect.

**PASSAGGIO 5 DI 10**

Once the stencilled image is complete, trim the card to size using a ruler and pencil to mark a straight cutting line.

**PASSAGGIO 6 DI 10**

Use the largest waste-free die to cut the stencilled image from navy card stock. Nest the next size die inside to create a double frame effect.

PASSAGGIO 7 DI 10

Adhere the largest black die-cut frame to your card base. Layer the smaller black die-cut frame on top to create a nested frame effect that grounds the hydrangea image.

PASSAGGIO 8 DI 10

Stamp a sentiment such as 'Thinking of you' onto a small strip of white card stock using navy ink. Trim the strip neatly with scissors to create a sentiment banner for your card.

PASSAGGIO 9 DI 10

Adhere the 'THINKING OF YOU' sentiment to the top of the purple hydrangea flower using foam pads or adhesive. Position it centrally across the flower head for best effect.

CONSIGLI DALLA PUNTATA

- Start with very light colour on the first stencil layer; the subsequent layers will hide imperfections.
- If you do not have an A4 die-cutting machine, you can still achieve the partial die-cut effect by positioning a plate to cover the area you do not want cut.
- You can use any layering stencils and dies from your stash; the technique works equally well with different floral designs.
