IL PROGETTO FINITO

IL PROGETTO

Create an elegant A5 card featuring a die-cut floating hearts aperture in navy floral patterned paper, with a vellum window backing and gold-embossed butterfly embellishments. The layered design showcases depth and visual interest with the sentiment 'BE A dreamer' and decorative hearts as focal points. PASSO PASSO

PASSAGGIO 1 DI 9

PASSAGGIO 2 DI 9

Apply adhesive carefully around the edges of the die-cut aperture on the reverse side of the card front. Position the vellum sheet behind the aperture and press firmly to secure, ensuring the glue remains hidden from the front.

CONSIGLI DALLA PUNTATA

- Apply glue only around the aperture edges to keep adhesive hidden and maintain the clean appearance of the window.
- If you run out of metallic cardstock, create gold by applying a yellow ink pad first, then layering confetti ink over the top for a rich, lustrous finish.
- Position embellishments like enamel dots in a diagonal line to create movement and lead the viewer's eye through your design.
