PASSAGGIO 1 DI 9

Remove the protective film from the acetate sheet by carefully peeling it away. The acetate is construction weight and suitable for card making projects.

PASSAGGIO 2 DI 9

Using a scoring tool and ruler, score lines onto the acetate sheet. Apply gentle, even pressure to create clean fold lines without causing cloudiness on the acetate surface.

CONSIGLI DALLA PUNTATA

- The construction-weight acetate scores beautifully without creating white cloudy lines like lower-quality acetate.
- Use clear tape so it remains invisible through the transparent acetate.
- Save offcuts from card-making to create coordinating belly bands, reducing waste.
