PASSO PASSO

PASSAGGIO 1 DI 8

Find the centre of your white card blank and mark it lightly with a pencil. This will help you align the stencil correctly for creating your geometric pattern.

PASSAGGIO 2 DI 8

Position the geometric stencil on your white card blank, aligning the corners of the stencil with the pencil marks you made earlier to ensure proper placement.

PASSAGGIO 3 DI 8

Use masking tape to mask off areas around the stencil to prevent accidental inking on unwanted parts of your card. Position the tape carefully to protect the white card base whilst leaving the stencilled design exposed.

PASSAGGIO 4 DI 8

Apply distress ink through the stencil using a blending tool or sponge, working the blue ink over the geometric pattern. Build up the colour gradually, blending from the centre outward for even coverage.

PASSAGGIO 5 DI 8

Position the stencil to align the pattern with the previously inked section. Hold the stencil firmly in place to ensure the geometric pattern lines up correctly with the existing design.

PASSAGGIO 6 DI 8

Stamp one of the sentiment stamps from the Mid Century Bundle onto the white card panel using a contrasting ink colour. Position the sentiment where desired on your card.

PASSAGGIO 7 DI 8

Fussy cut out any small detail elements from your pre-stamped paper if desired. In this example, carefully cut around the three leaves motif to create a decorative accent piece.

CONSIGLI DALLA PUNTATA

- If you don't get a good impression with solid stamps, wipe the stamp with a versamark ink pad to remove cleaning residue, then try again.
- The stencil pattern is broken, allowing you to use different mediums in different sections—ink in one area, texture paste in another.
- You can use the stencil partially to fill three-quarters of a card rather than the whole background.
