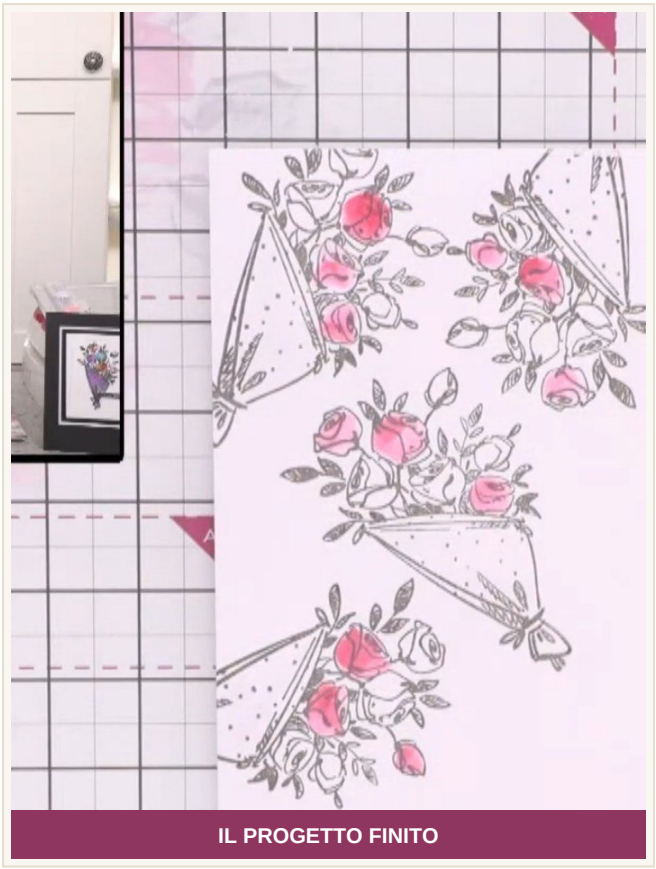
Bouquet floreale colorato con tocchi scintillanti

UN PROGETTO DALLA NOSTRA DIRETTA - CREATE TOGETHER CLUB - 2 NOVEMBRE 2022



IL PROGETTO FINITO

IL PROGETTO

Create stunning floral bouquet cards with selective colour and sparkle. Stamp elegant rose arrangements within geometric frames, then colour individual blooms in pink and orange whilst keeping some elements white for contrast. Add green highlights to leaves and finish with sparkle pen accents for a touch of glamour.

Step back and compare your two finished cards. You now have one card with pink roses and grey leaves, and another with orange roses and grey leaves, each with their own distinct colour scheme.

CONSIGLI DALLA PUNTATA

- You don't have to colour all the elements; picking out just a few roses and leaves creates a more elegant effect.
- Consider alternative colour schemes such as monochromatic greys, sepia tones, or vintage-inspired palettes.
- If you stamped the floral bouquets in a water-based colour and then bled the design out slightly, it would create an incredibly beautiful watercolour effect.
