

Biglietto a strati con effetto alone sfumato

UN PROGETTO DALLA NOSTRA DIRETTA - CREATE TOGETHER CLUB - 2 NOVEMBRE 2022

IL PROGETTO

Create a beautiful layered card featuring delicate floral imagery with a stunning colour wash halo effect. This elegant design combines stamped rose and butterfly motifs in soft pinks and greys, with a graduated pink wash that creates a dreamy, dimensional appearance. The technique uses blending brushes to achieve a soft transition from colour to white, making your floral panel appear to float on the card.

Deepen the colour at the base of the floral design by applying more ink to create subtle variation. Build up the pink tones gradually without overwhelming the delicate design.
