

Guillotine-Cut Panel Card with Layered Design

UN PROGETTO DALLA NOSTRA DIRETTA - CREATE TOGETHER CLUB - 2 NOVEMBRE 2022

IL PROGETTO

Create a stunning layered panel card featuring beautiful floral designs in soft pinks and peaches. Using a guillotine cutter, slice your stamped and coloured panels into strips of varying widths to create an eye-catching dimensional effect. The finished card showcases geometric triangular frames filled with delicate roses and foliage, with the cut strips revealing glimpses of different coloured layers beneath.

**PASSAGGIO 6 DI 6**

You now have matching sets of strips from both cards—one thicker section and two thinner sections from each. The strips feature the floral umbrella design with pink and peach roses.

CONSIGLI DALLA PUNTATA

- Make sure you replicate whatever cuts you make on the first card on the second card so the patterns match.
- Cutting at one and a half inch intervals creates a nice balance between thicker and thinner sections.
