PASSAGGIO 9 DI 15

Use a silver pen to draw window patterns on each black building strip. Vary the designs with dots, dashes, lines and L-shapes so each building looks different.

PASSAGGIO 10 DI 15

Glue the tallest building strips flat onto the card first as your back layer. Position them on the yellow and pink gradient background, ensuring you don't cover up the coloured area. These will form the furthest layer of your cityscape.

CONSIGLI DALLA PUNTATA

- Work lighter to darker when blending inks so colours don't contaminate your tools.
- Don't worry about window designs being perfectly even—vary them to avoid a uniform look.
- You can use coloured embossing powders or even colour the aliens in different ways if you prefer.
