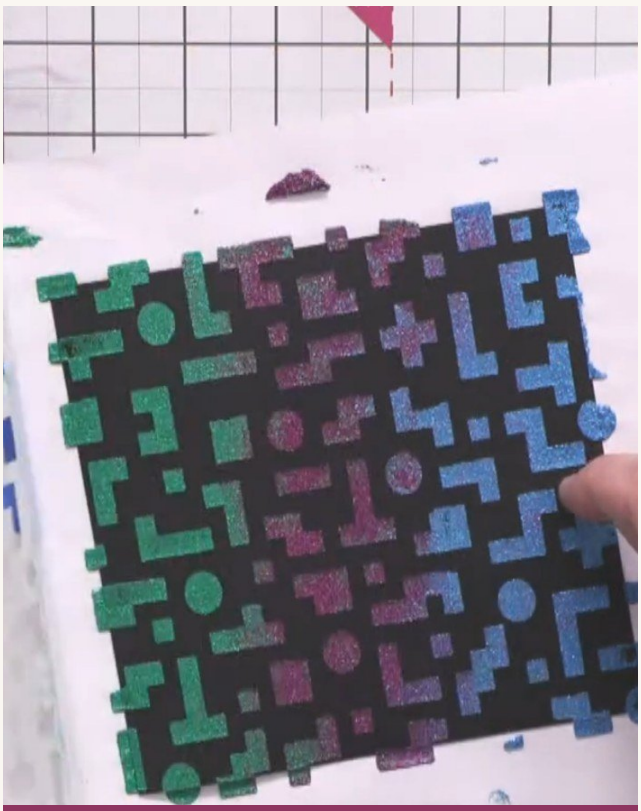
Textured Pixel Pattern Stencil Card with Gradient Paint

UN PROGETTO DALLA NOSTRA DIRETTA - MONDAY MADNESS - 17 OTTOBRE 2022



IL PROGETTO FINITO

IL PROGETTO

Create a striking card featuring a retro pixel block design with a bold, shimmering textured background. Coloured texture paste is dragged through a stencil to create crisp geometric shapes in graduating tones of blue, purple and green. The paste is heat-set to produce a dimensional, eye-catching finish with clean edges.

CONSIGLI DALLA PUNTATA

- You can use just one colour if you prefer, rather than blending three together.
- Normally leave these to dry on a window ledge, but use a heat gun to speed up drying if needed for card assembly.
- The blue and white colour options work particularly well for Christmas cards.
