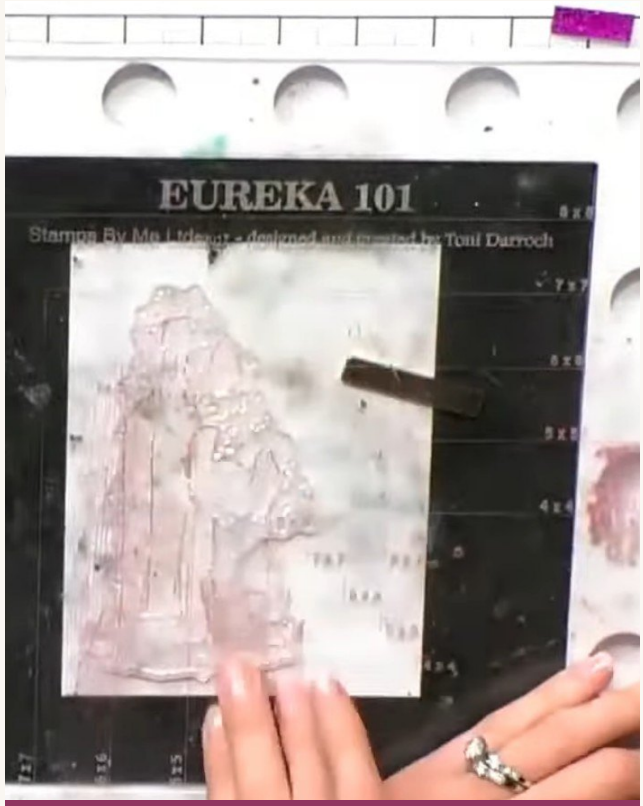
Wine Bottle Card with Embossing Powder

UN PROGETTO DALLA NOSTRA DIRETTA - CREATE AND CRAFT - 12 OTTOBRE 2022



IL PROGETTO FINITO

IL PROGETTO

Create a striking wine-themed celebration card featuring a purple wine bottle and glass with splatter effects. Using lamination stamps and embossing powder, you'll achieve a glossy, dimensional finish that adds sparkle and texture to your design. This technique demonstrates how to use embossing powder as an alternative to watercolour for bold, eye-catching results.

Once the embossed wine bottle has cooled, line up the outline stamp from the same set and stamp it directly over the solid embossed portion using black ink. This creates a detailed outline around the purple embossed wine bottle image.

CONSIGLI DALLA PUNTATA

- Heat your gun as hot as possible to avoid lumps and bumps in the embossing.
- You can mix and match sentiments from the set—for example, use 'drink drank drunk' with the wine bottle design for humour.
