IL PROGETTO FINITO

IL PROGETTO

Create a vibrant retro-style card featuring colourful semicircles in primary colours. Using the Retro Dots stencil, you'll blend distress oxide inks to create soft watercolour circles, then define them with black pen outlines for a bold, graphic finish. The result is a fun, eye-catching design perfect for any occasion.

CONSIGLI DALLA PUNTATA

- Let the ink dry slightly so it doesn't clog your pen when adding the black outlines.
- The stencil has good clearance around the shapes, so your inks won't get contaminated between colours.
- You can shade from dark to light within each circle to add more depth and dimension.
