

A6 Cutout Butterfly Wing Card with Contrast Background

UN PROGETTO DALLA NOSTRA DIRETTA - FUNKY TUESDAY - 30 AGOSTO 2022

IL PROGETTO

Create a stunning landscape A6 side-folding card featuring a beautiful floral butterfly design. The butterfly wing is heat-embossed in metallic copper tones and carefully cut around the edge to create an eye-catching shaped card front. The cut-away design reveals a contrasting deep inky blue background paper behind, making the delicate butterfly wing appear to pop forward from the card.

2

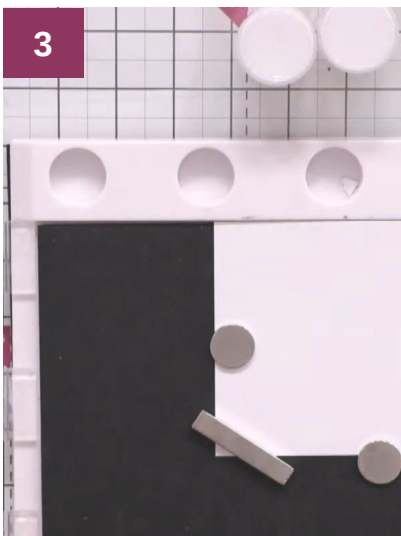

PASSAGGIO 2 DI 12

Stamp the large floral butterfly image from the Blooming Butterfly Bundle towards the right-hand edge of the white card using Versafine Claire ink in Acorn. Position the stamp so that the decorative wing will form the card edge when cut out.

3

PASSAGGIO 3 DI 12

Dust the stamped image with anti-static powder using an embossing pad or brush to prevent unwanted sticking during heat embossing.

PASSAGGIO 7 DI 12

Using large scissors, cut away the card panel on either side of your drawn line, following the shape of the butterfly wing to create an unusual decorative edge.

8

PASSAGGIO 8 DI 12

Cut a piece of the shibori paper (inky blue) to fit behind the cutout butterfly wing area. Use adhesive to attach it to the back of the card front.

PASSAGGIO 9 DI 12

Adhere the blue shibori paper to the back of your card panel so it shows through the cutout butterfly wing. This creates contrast and makes the wing pop forward against the dark background.

CONSIGLI DALLA PUNTATA

- Position your butterfly image towards the edge of the card rather than centring it, so that when you cut around the wing, it creates an interesting shaped card edge.
- Using contrasting background paper behind a cutout element makes the detail really stand out and gives your card visual impact.
- You can use the black and white words washi tape as a quick sentiment without needing to stamp or write anything additional.
