

New Horizons Fishing Boat Lamination Card

UN PROGETTO DALLA NOSTRA DIRETTA - ONE DAY SPECIAL - 17 OTTOBRE 2025

IL PROGETTO

Create a beautifully painted-looking card featuring a fishing boat on water using the New Horizons lamination stamp set. This two-part stamping technique produces a realistic, hand-painted effect with blue tones and artistic detail. The lamination method layers images to create depth and a professional watercolour-style finish.

CONSIGLI DALLA PUNTATA

- Lamination stamps aren't perfect, and that's what makes them successful—the imperfection gives it a realistic, hand-painted look.
- You can stamp only half of the design on the page to create the effect of the boat coming into view.
- If you lose detail slightly when spraying with water, you can bring it back with a little gel pen.
