IL PROGETTO

The design uses nesting circle dies to create a spotlight effect, with the die-cut pieces layered with 3D pads to add dimension and showcase the matching embossed pattern beneath.

PASSAGGIO 11 DI 11

Add a washi tape strip along one edge of the card and attach a sentiment using foam pads for dimension.

[GUARDA QUESTO PASSAGGIO - 39:30](#)**CONSIGLI DALLA PUNTATA**

- Both pieces of cardstock must be exactly the same size to create the illusion technique where the embossed pattern shows through the die-cut circles.
- Don't be tight with your 3D foam pads; use plenty to prevent your design from flopping or sinking.
- If you don't have nesting dies, you can use square or rectangle nesting dies instead, or create a matte layer with a different cardstock colour.
