

## Junk Journal with Spine and Nested Pages

UN PROGETTO DALLA NOSTRA DIRETTA - CATCH UP WITH TONI & EMMA FOR A FRIDAY LAUNCH IN THE HTCN STUDIO...

### IL PROGETTO

Create a handmade junk journal using recycled packaging and cardboard. This project uses nested spine dies to build a multi-page book that can hold photographs, music paper, and decorative elements, giving it a vintage, grungy aesthetic.

## CONSIGLI DALLA PUNTATA

- Use wet glue rather than dry adhesive to allow yourself wiggle room when positioning the spine pieces.
- You can leave the journal as just the spine, or glue it into a scored A4 card to create a more traditional book appearance.
- Decorate your pages before assembling them into the spine for easier access and better results.
