Printed Thank You Sentiment Card with Stencilled Background

UN PROGETTO DALLA NOSTRA DIRETTA - CATCH UP WITH SIMON FOR MONDAY MADNESS IN THE HTCN STUDIO...

IL PROGETTO

A striking monochrome card featuring a printed repeating 'thank you' sentiment as the background, enhanced with stencilled starburst patterns in black and charcoal grey, and topped with a hand-coloured elephant character. The layered stencil technique creates depth and draws attention to the focal point.

CONSIGLI DALLA PUNTATA

- You can personalise the card by adding someone's name to the printed sentiment instead of 'thank you'.
- If you don't have heart stickers, you can use red glitter or stickles as an alternative embellishment.
- Lightly tap the stencil first before applying heavier pressure to build up the colour gradually and avoid over-inking.
