PASSAGGIO 2 DI 11

Place your 8x8 inch decorative paper on the cutting mat with a plain piece of card on top. Using a ruler and scoring tool, score the paper 1 inch from each long edge to create fold lines for the shirt sides.

PASSAGGIO 3 DI 11

Fold the scored edges of the 8x8 card inward to create a shirt-like shape. The folded sides should be visible, forming the structure of the shirt with the decorative floral pattern showing on the edges.

CONSIGLI DALLA PUNTATA

- If you don't have nesting dies with stitch details, you can draw stitch lines with a pen and ruler to enhance the shirt effect.
- You can create miniature versions of this card for weddings or other occasions.
- Consider cutting down the sides of the inner shirt layer slightly so it sits neatly on top of the outer shirt.
