Wolf Head Silhouette Moon with Textured Embossing Card

UN PROGETTO DALLA NOSTRA DIRETTA - THE THURSDAY DROP - 27 AGOSTO 2026

IL PROGETTO FINITO

IL PROGETTO

Create a striking card featuring a wolf head silhouette as an unconventional moon, embossed with glittering textured powder for stunning dimension. Set against a romantic scene of a couple in a boat with delicate foliage, this artistic design combines silhouette stamping, heat embossing, and layering techniques. The result is a dramatic, eye-catching card with a unique focal point that moves away from traditional circular moons.

CONSIGLI DALLA PUNTATA

- Hold the stencil very still when stamping through it to ensure crisp definition.
- Don't panic if you see smoke when heat embossing white pigment ink—this is normal.
- A vignette frames your work and draws the eye to the focal point without being obvious.
