PASSAGGIO 7 DI 12

Score all four sides of both card pieces at 1-inch intervals using your scoring tool and ruler. Ensure the score lines are evenly spaced across each piece.

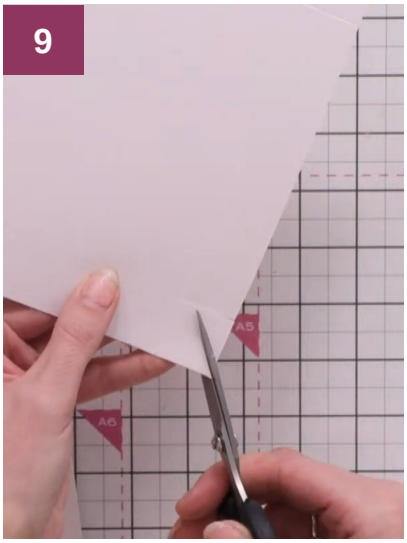
9



PASSAGGIO 9 DI 12

Chamfer the cut corners by trimming them at an angle with scissors. This creates neat bevelled edges that will tuck in and glue cleanly when assembling the box.

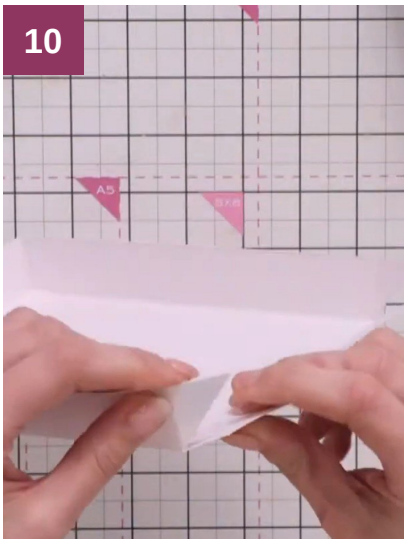
10



PASSAGGIO 10 DI 12

Fold up all four sides of the box. Secure the interior flaps with tape to hold the sides in place.

PASSAGGIO 11 DI 12

Repeat the folding and assembly process with the second piece of card to create the matching lid for your box.

PASSAGGIO 12 DI 12

Test that the lid fits snugly inside the base. If needed, adjust the quarter-inch allowance to make the lid easier to remove and replace.

CONSIGLI DALLA PUNTATA

- Use sturdy card stock for a nice, crisp edge on your finished box.
- Only trim one millimetre off two sides (not all four) of the lid piece to ensure it fits snugly without being too loose.
- The quarter-inch allowance in the base dimensions allows someone to insert their finger to remove the card or gift from inside the box.
