UN PROGETTO DALLA NOSTRA DIRETTA - CREATE TOGETHER CLUB - 6 GIUGNO 2025

IL PROGETTO

Create an elegant landscape card featuring delicate layered vellum strips that add soft texture and depth. A decorative paper panel with floral corners provides a beautiful frame, while a fussy-cut cake embellishment becomes the stunning focal point. This design combines gentle vellum layering with dimensional paper crafting for a sophisticated finish in romantic pink and cream tones.

CONSIGLI DALLA PUNTATA

- Vellum is a great way to soften a card if it looks too harsh or heavy on the eye.
- Use offcuts from your paper collection to reduce waste and create interesting layered effects.
- You can use any sentiment you prefer—washi tape, stamps, or pre-made sentiments all work well.
