

Biglietto semplice con vellum e carta decorata

UN PROGETTO DALLA NOSTRA DIRETTA - HSN PRODUCT INSPIRATION - 25 AGOSTO 2026

IL PROGETTO

Create an elegant card featuring a mystical fairy with delicate wings set against a soft, atmospheric background. The design combines a painted mount with torn vellum layered across the bottom for texture, whilst the fussy-cut fairy element is enhanced with dimensional wings to add depth and movement. The muted grey and green tones create a sophisticated, ethereal aesthetic perfect for thoughtful greetings.

CONSIGLI DALLA PUNTATA

- Tear the vellum rather than cutting it for a more organic, textured look.
- Always colour the white edges of fussy-cut elements with a matching ink to make them blend seamlessly.
- Warm the card stock gently with your hand before 3D-ing to help it curve naturally without cracking.
