

Biglietto metallizzato in rilievo con cartella 3D

UN PROGETTO DALLA NOSTRA DIRETTA - IDEAL WORLD - 12 MARZO 2025

IL PROGETTO

Create an elegant embossed card featuring a beautiful raised floral design on metallic card stock. The deep green background with copper-toned embossed leaves and berries creates a luxurious, opulent finish. Using a 3D embossing folder and die cutting machine, you'll achieve a stunning letterpress effect with dimensional detail.

COSA TI SERVE

- Stamps By Me 8.5 Inch Die Cutting & Embossing...
- Stamps By Me - High Definition 3D Embossing...

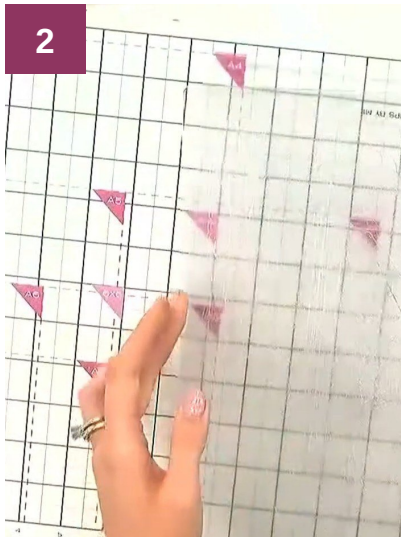

PASSO PASSO

PASSAGGIO 1 DI 7

Place a piece of metallic card stock into the embossing folder, ensuring it is centred. The card should fit completely within the folder's embossed design area.

[GUARDA QUESTO PASSAGGIO - 52:00](#)

PASSAGGIO 2 DI 7

Place your card inside the embossing folder, then insert the folder into the die cutting and embossing machine. Position the folder with the card between the plates ready to run through the machine.

PASSAGGIO 3 DI 7

Turn the handle of the die cutting and embossing machine smoothly and steadily to feed the card sandwich through the rollers. Continue turning until the entire sandwich has passed through the machine.

GUARDA QUESTO PASSAGGIO - 53:00

PASSAGGIO 4 DI 7

Carefully remove the embossing folder containing your card from the die cutting machine. Open the folder to reveal your embossed design.

5

PASSAGGIO 5 DI 7

Open the embossing folder carefully to reveal the raised, embossed design on your card. The metallic card will now show the beautiful blossom pattern with a letter-pressed effect.

[GUARDA QUESTO PASSAGGIO - 54:00](#)

6

PASSAGGIO 6 DI 7

Trim the edges of the embossed card neatly to tidy up any uneven borders. Hold the card firmly and trim carefully to create clean, straight edges around the design.

7

PASSAGGIO 7 DI 7

Mount your embossed metallic panel onto a card blank using adhesive. The embossed design with the circular frame and leaves creates an elegant focal point for your finished card.

CONSIGLI DALLA PUNTATA

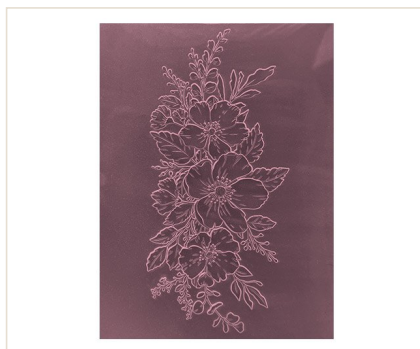

- The die cutting machine requires very little pressure—it operates smoothly with minimal effort.
- Metallic card stock shows embossed designs beautifully due to the reflective surface.
- The 3D embossing folder has multiple layers that create depth and dimension in the design.
