PASSAGGIO 10 DI 12

Using a trimmer or craft knife with a ruler, trim the assembled card to create clean, straight edges. Ensure all layers are aligned and the card has neat, even borders.

PASSAGGIO 11 DI 12

Use a white gel pen to add highlights and detail to the poppy stamped image. The white gel pen will add dimension and bring out features of the flower. Allow the gel pen to dry, noting it will dry back slightly lighter than when first applied.

CONSIGLI DALLA PUNTATA

- Lay out your colour strips before adhering them so you can plan your ombré sequence.
- Make sure you line up the design, not the card pieces, when reassembling for a seamless effect.
- White gel pen highlights will dry back lighter, so do not be afraid to apply it generously.
