IL PROGETTO

Create an elegant card featuring a scenic background wrapped in translucent vellum with embossed corner details. CONSIGLI DALLA PUNTATA

- You don't need patterned vellum; plain vellum works equally well and may show the background more clearly.
- Make sure to give the vellum wrap a good crease down the back so it sits flat against the card.
- If you want the front to stay completely flat, glue the vellum directly to the card before adding your sentiment on top.
