

White Heat Embossed Corner Detail Card

UN PROGETTO DALLA NOSTRA DIRETTA - ONE DAY SPECIAL - 11 OTTOBRE 2024

IL PROGETTO

Create a sophisticated card with white heat-embossed corner details on kraft cardstock. Using an A6 floral stamp set and white embossing powder, you'll create elegant botanical motifs that stand out beautifully against the natural brown background. This simple yet striking technique produces a timeless card suitable for any occasion.

4

PASSAGGIO 4 DI 8

Heat set the white embossing powder with a heat gun, moving it over the design until the powder melts and becomes glossy and raised.

5

PASSAGGIO 5 DI 8

Stamp and heat emboss the floral design in the opposite corner of the card front using white embossing powder. Position the design to balance the first corner, creating a symmetrical layout with the 'Hope Blooms' sentiment in the centre.

7

PASSAGGIO 7 DI 8

Apply rub-on corner elements from the Hope Blooms A6 Rub Ons sheet to frame the sunflower focal points on your card. Position the decorative corner designs to add embellishment around the edges of your design.

8

PASSAGGIO 8 DI 8

Add a sentiment from the Hope Blooms stamp set to complete your card. Position it in your chosen location and stamp or adhere it to finish the design.

CONSIGLI DALLA PUNTATA

- White heat embossing on dark surfaces always looks elegant and sophisticated.
- The watercolour outline on the rub-ons makes them forgiving to cut out—precision isn't essential.
- This design works well as a gents card due to its understated, muted colour palette.
