

Biglietto piatto a pannelli con dettagli cordonati

UN PROGETTO DALLA NOSTRA DIRETTA - MY PODCAST - 10 GIUGNO 2024

IL PROGETTO

Create an elegant panelled card featuring alternating decorative papers and scored details. This project combines white card stock with gold glitter paper and delicate floral patterned panels to create a sophisticated layered design. The technique involves precise scoring and panel placement to achieve a professional finish that's perfect for special occasions.

PASSO PASSO

PASSAGGIO 1 DI 10

Take a standard white card blank and trim decorative panels from the floral patterned card stock. Use your trimmer to cut the panels to size, ensuring they will fit neatly onto your card base.

2

PASSAGGIO 2 DI 10

Cut panels from your chosen decorative paper to fit down the sides of your card base. Leave a white border visible at the edges for contrast. Use adhesive to attach the panels in position.

10

PASSAGGIO 10 DI 10

Trim any excess card stock from the bottom edges of your card to neaten the finish. Use both hands to smooth and check the edges are aligned before trimming if needed.

CONSIGLI DALLA PUNTATA

- You don't need to use everything from a card kit; select pieces that work with your design.
- Alternating panel colours and patterns creates visual interest without overwhelming the design.
- Save off-cuts of card stock to use as filler pieces to hide joins and gaps.
