PASSO PASSO

PASSAGGIO 1 DI 10

Create a decorative background on white cardstock using ink blending techniques to achieve a textured, colourful effect with blues and purples. This will form the base for your London scene card.

PASSAGGIO 3 DI 10

Position the mask on your watercolour background, lifting the bottom edge slightly away from the surface to avoid masking the area where you'll stamp the cityscape.

CONSIGLI DALLA PUNTATA

- Use repositionable masks made from adhesive paper rather than copy paper as they are thinner and can be reused multiple times.
- Keep magnets in position on your stamp platform so you can re-ink and reposition stamps as needed without losing alignment.
- Check for air bubbles under stamps before pressing down; if you find one, lift the stamp gently and allow it to fall naturally or give it a small squeeze in the middle.
