PASSAGGIO 3 DI 11

Using your ruler and trimmer, cut out two small squares from opposite sides of the decorative paper as marked on the scoreboard instructions. These cutouts will allow the box pieces to nest together properly.

CONSIGLI DALLA PUNTATA

- Mark your scoreboard with a pen at the score line positions if your eyesight is not perfect, to avoid confusion.
- Trim only 2.5mm off two sides of the base paper - not all four sides - so it fits inside the lid.
- A good burnish on the folds will help the boxes stay together without glue due to the heavy weight of the paper.
