UN PROGETTO DALLA NOSTRA DIRETTA - MY PODCAST - 25 MARZO 2024

IL PROGETTO

Create a charming watercolour hummingbird card featuring two delicate birds in teal and purple tones. Using the lamination stamping technique, you'll achieve beautiful watercolour effects with fine line details that give a hand-painted appearance. The finished card is mounted on a black mat for an elegant, contemporary look.

CONSIGLI DALLA PUNTATA

- The lamination system includes an example on the packet showing exactly where each detail should align, so refer to this if you are unsure.
- Hybrid inks dry faster than regular ink pads, so keep the pad well-sealed and consider getting reinkers for longevity.
- You can experiment with colour inks for the detail stamp instead of black for different effects.
